vaaauadvertising "Man's capacity for justice, makes democracy possible, but man's inclination to justice makes democracy necessary." - Reinhold Niebuhr.

Democracy is the power given to people by the government, to live a life with freedom. People is not bound to be the slaves anymore. They have the free will to live upon their own ambition.

Celebrate freedom on International Democracy Day.

vaaauadvertising To be born is a blessing. Even the deities desire this birth. Special chariots have been decorated yet again this year to be participated by the devotees to gain the blessings of Lord Jagannath. May Lord Jagannath thrives on our existence with happiness, distinctive features, and good health and beatitude. We desire everyone to be favored by the shower of blessings by Nand Gopal.
